4. Supervisors Report

Supervisors Report

Shed Supervisors Frank Ginty, Stephen Finch and Graeme Hudson have agreed to assist with the operation of the Shed. Stephen has agreed to open the Shed on Saturday mornings

Safety not aware of any incidences

Machinery aware of 2 isolated instances, a band saw blade was destroyed and a jointer chip was damaged, likely cause of both is a nail.

Busy Bee a busy bee to clean out and reorganize the container and clean up the area adjoining the eastern fence was well attended. The outcome was several tip loads and space in the kitchen area for the relocation of the 3D printer (in progress).

Induction for New Members Kim Horne has conducted these on an as required basis on Wednesday mornings

There is only a small regular group of members that turn up on Monday mornings to undertake shed jobs, not aware of any shed jobs being done on Wednesday afternoons

Shed Hours There needs to be a discussion on whether there is enough interest for the shed to be open Monday and Wednesday afternoons

Job Recording Following the temporary loss of an outside job (thank you David V. for finding the missing item) an updated the job recording system to include a Job Card is being investigated and it is hoped to be implemented by Christmas. It will be a requirement that a Job Card accompanied the work at all times.

Shed Marketing The response to the order for a Shed Polo shirt, cap or hat has been disappointing. Orders for only 13 Polos and 10 caps/hats have been received. The supplier indicated that if there was enough orders the cost to set up the embroidery design would be waived. I do not believe we have enough orders for it to be waived. We need to discuss whether the Shed meets this cost.

6.1. Community Workshop

Workshops

After the success of the two workshops held in conjunction with SPCC and discussions with our Chairman a proposed series of workshops will be held every quarter, below I have listed categories of workshops that the Shed can easily facilitate.

Workshops are a great source of enjoyable and profitable income for Shed members with each workshop having the ability to generate an income of up to \$4k a workshop.

Proposed Work Shops.

Woodwork

Tool Tidy

Tool Box

Clock

BBQ Drinks Bottle Carrier

BBQ Serving tray

Spoke to Margaret King as Patrick on leave. She said the Council's lease people are very busy
- but she would follow up.

Zaneta's assistant Melissa said we will receive a further grant for training.

10. Training

1) Training:

* We have booked and fully paid for 6 members to attend the Bandsaw Course at Perth Wood School on 25 October 2023, from 6 to 9pm.

* Kim provided Table saw training for an informal group of about 5 people, on Monday this week. It is the first of a mini series of three episodes covering table saw basics plus some in depth operations possible on this machine. This type of training is expected to be run periodically, to bed down good safety practice amongst Shed members.

* We are seeking confirmation of pricing for an inhouse course on general woodshop machinery safe practices that would be conducted by David Howlett of the Perth Wood School. It is expected to be cost efficient by involving as many Shed members as possible in a wide ranging coverage of safe operational practices on our most heavily used, mains powered woodworking machinery.

* We are also arranging to meet at the Shed with Greg Miller, from Joy of Wood who can offer a Shed based course in a variety of woodcraft skills, including green timber carving, spoon making etc. This is also expected to be a cost efficient method of introducing new hand tool skills in particular.

*The matter of metalshop safe practice training has not yet been considered. However, it needs to be included in our broad Shed safety program. Steps will be made in collaboration with the experienced metalshop operators to develop or adopt a suitable existing training and safety module.

2) Kensington Secondary School

* I have recommended against any further involvement in this off-site work. I understand that the Committee has endorsed this action and that Como Rotary Club's John Dodmam has already been advised.
